2 Feb 2010

Members

As the President of the Greater Hampton Roads Chapter of the National Defense Industrial Association (NDIA), I am most pleased to announce there is enthusiastic interest in establishing a Hampton Roads chapter of **Women In Defense (WID)**. WID is a non-profit National Security Organization whose mission is to cultivate and support the advancement and recognition of women in all aspects of national security.

As an affiliate of the **National Defense Industrial Association (NDIA)**, the Hampton Roads Chapter of WID will highlight and promote the role of women in our local Defense, military and contractor communities. When you consider that each branch of the Armed Forces contributes annually over \$11 Billion into the local Hampton Roads economy, NDIA and WID-HR are opportunities for you to participate in and expand your perspective on our nation's defense. Members of WID, which includes both men and women, are automatically enrolled for membership in NDIA. Membership is free to active military and Government personnel and only \$35 per year for the local contractor community.

Thirty-five (35) members are required to establish the local Chapter of WID. A meeting, to include the International Officers of WID, is tentatively scheduled for the March timeframe and will be announced to anyone who expresses an interest in participating in WID-HR.

The nation, and the Hampton Roads community, is inviting you to expand your contacts, your knowledge, and your role in national security initiatives. Anyone interested in joining or getting more information on establishment of the Hampton Roads Chapter of WID should contact Glenda Bluhm by email at blum091@cox.net or telephone at 757-573-5133. The WID Web Site for registration is <http://wid.ndia.org/>
